GOVERNMENT OF MYSORE, ELECTRICAL DEPARTMENT.

Notice S. 338—*C. P. S. of January* 1923.

Notice is hereby given that sealed tenders will be received by the undersigned up to 16th February 1923, 12 noon, for the supply of the undermentioned articles for the use of the Electrical Department, for the period ending 30th June 1923.

2. An approximate estimate of the quantities required is given against each item in the list which is not guaranteed. The quantities may be increased or diminished by 25 per cent.

3. Tenders should be submitted on their own forms accompanied by a list in the form given below showing the rates at which the different items specified in the list will be supplied. Only the very best quality materials are to be tendered for. Materials should be the very best either British, American or Indian manufacture.

4. Each tender must be accompanied by a deposit of Rs. 500-0-0 in currency notes or Government Promissory Notes as earnest money, and be superscribed "*Tenders for the supply of maintenance materials required for the use of the Electrical Department for the period ending 30th June* 1923," in default of which, tenders will be rejected. The earnest money should be sent in a separate sealed cover.

5. The final acceptance of the tenders will rest with the Chief Electrical Engineer, who does not bind himself to accept the lowest or any tender or assign any reason whatever for the rejection of any tender. The Chief Electrical Engineer reserves the right of awarding any part or portion of the supply to any tenderer.

6. After tenders are opened, no change of rates, under any circumstances will be allowed. They will be opened in public at 12-30 P.M., on the 16th February 1923.

7. Within four days of the acceptance of the tender, the successful competitors will be required to execute the contract bond, if necessary, in default of which, their tenders will be considered as cancelled and their earnest money forfeited.

8. The names of the successful competitors whose tenders have been accepted will be posted on the notice board in the Chief Electrical Engineer's Office in due course, noting therein the articles awarded against each. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

9. On acceptance of any of the tenders, the earnest money on rejected tenders will be returned. The earnest money of the successful tenderers will be returned *when the whole supply is completed satisfactorily.*

10. All the materials ordered should be delivered completely within fifteen days from the date of receipt of our definite order, failing which, the order will be cancelled and the earnest money forfeited, and the contractor's name will be removed from the list of suppliers to this department.

11. The rate tendered for each item shall include, cost of delivery at the Cauvery Power Scheme Central Stores of the Electrical Department, Bangalore City, or F. O. R. Bangalore City, and shall be binding on the supplier from the date of acceptance to the date of completing the supply. No charge will be allowed for packing or carting.

12. Materials supplied found not to be up to standard in quality or to other causes will be rejected and the supplier shall remove and shall guarantee to replace same with fresh materials then and there. All charges incurred on rejected material will be debited to the supplier.

13. Weights, quantities and quality of material supplied as sealed and acknowledged by the receiving officer of the department on the Supplier's Invoices are to be accepted as final and no representations by the supplier of his weights, etc., being the correct ones will be considered.

14. Materials supplied different from that specified will be paid for, if accepted, on the basis of the market rate of the articles on the date of supply.

List of maintenance materials required for use in the Electrical Department during the half-year ending 30th June 1923.
